## WHAT ARE PEOPLE SAYING ABOUT KEN?

### Top Qualities: Expert Planning and Execution

"Ken possess two critical skills for turning businesses around: strategy and execution! His commitment to excellence has been demonstrated time and time again as he has embraced the mission of taking a struggling organization and turning it into an efficient, productive business. As my mentor, it has been my pleasure working alongside Ken--his candor, enthusiasm and expertise have energized Ripple Africa USA and we will always be grateful for his indelible contribution."

- Kay Yoder // Executive Director, Ripple Africa USA

### Top Qualities: Thought Leadership, Corporate Messaging and Presentation

"During this time Ken guided some really interesting briefings on executive consulting, and managed to bring new dimensions and ideas to the discussions in a very refreshing manner and style that everyone really appreciated. In short, Ken would be a great asset to any organization that he works with. I have full confidence in his capabilities."

- Johan Schutz // Director of Consulting, Gartner

### Top Qualities: Expert, Good Value, Creative

"Ken is a real professional with terrific creativity and excellent listening skills. His designs are very clean, modern and present client messages in a concise fashion. His project management skills are among the best that I have experienced - on time and on budget. He has my enthusiastic endorsement."
